

HCV GRAND ROUNDS PLEASE JOIN US

March 6, 2014 • 1:00 PM – 2:00 PM

Jackson Park Hospital
Assembly Hall (Lower Level)

FACULTY SPEAKER
Michael W. Fried, MD

ACTIVITY OVERVIEW:

- Complimentary one-hour, live, CME-accredited grand rounds activity
- Interactive discussion with an expert faculty speaker and a presentation on current and emerging diagnostic and treatment strategies for HCV
- Includes case studies on strategies for individualized approaches for treatment-naïve and previously treated patients

Dannemiller, as the accredited provider, is responsible for all aspects of certification and designation of credit, and will be providing participants with their CME certificates.

TARGET AUDIENCE:

Gastroenterologists, hepatologists, infectious disease specialists, and other clinicians with an interest in the diagnosis and management of Hepatitis C.

LEARNING OBJECTIVES:

Upon completion of this educational activity, participants should be able to:

- Review risk factors and barriers to screening for HCV and strategies to optimize the early diagnosis of HCV, particularly in asymptomatic patients
- Examine recent clinical data on current and emerging protease inhibitor-based treatment strategies for HCV, including interferon versus interferon-free regimens, in order to guide personalized therapeutic interventions
- Develop evidence-based, guideline-concordant best practices for the effective management of treatment-naïve and experienced patients with HCV that includes risk management (eg, side effects, drug-drug interactions), appropriate monitoring, and predictors of a sustained response to treatment
- Evaluate techniques to improve patient-practitioner communication and collaboration in order to effectively communicate risk behaviors and therapeutic goals to optimize HCV treatment outcomes

ACTIVITY FACULTY:

Mark S. Sulkowski, MD (*Activity Chair*)
The Johns Hopkins University School
of Medicine

Michael W. Fried, MD
University of North Carolina at Chapel
Hill School of Medicine

Norah Terrault, MD, MPH
University of California, San Francisco
School of Medicine
